Since our inception in 1943, M.B. McKee Company has been providing outstanding products, services and solutions for a diverse range of industries throughout our region. Our continued growth over the past three quarters of a century is built upon the hard work and commitment to excellence our founder—M.B. McKee Sr. instilled.

Today, McKee remains family-owned and operated. Under the leadership of M.B.'s grandson Mark, granddaughter Cindy and her husband Kirk, our leadership maintains the Vision forged by its founders—Great Service, Large Inventory and In-House Design.

From the beginning, McKee quickly gained a reputation for having what you want in-stock. We want to be your "SINGLE – SOURCE – SOLUTION" for products and services.

M.B. McKee maintains a large inventory of conveyor components that your business needs to keep production running smoothly and on schedule. Because life happens 24/7—if you or your client’s conveyor breaks down, we’re available anytime to respond with the right replacement parts and components.

- Belt Conveyors**
- Bucket Conveyors**
- Drag Conveyors**
- Roller Conveyors**
- Screw Conveyors**
- Wire Belt Conveyors**
- And More**

**CONVEYOR COMPONENTS & SYSTEMS**

- Unmounted Bearings**
- Cylindrical**
  - Taper Roller Bearings**
  - Needle Roller Bearings**
  - Spherical Roller Bearings**
  - Deep Groove Ball Bearings**
  - Angular Contact Ball Bearings**
  - Thrust Ball Bearings**
  - And More**

Our inventory of industrial bearings is so large, it’s impossible to list them all here, so if you don’t see a bearing or other component you need listed, we most likely still have it on hand. McKee is your single source for all your bearing needs.

- Mounted Bearings**
- Ball Bearings**
  - Taper Rollers**
  - Spherical Roller Bearings**
  - And More**

**BEARINGS**

- Shaft Mount Speed Reducers**
- Screw Conveyor Drive**
- Worm Gear**
- Inline Helical**
- Right Angle Helical Bevel**
- Parallel Shaft**
- Planetary**

McKee stocks a large inventory of electric motors, components, gearing and power transmission products to ensure your operational success.

- Single Phase Series Motors**
- Three Phase Series Motors**
- Explosion-Proof Series Motors**
- Vertical Hollow Shaft Motors**
- DC Series Motors • Farm Duty Motors**
- Capacitor Start and Run Motors & More**

**ELECTRIC MOTORS**

**GEARING**

At McKee we have provided component parts for industrial, agricultural and commercial equipment since 1943. We're accustomed to helping customers in the agricultural, industrial and commercial sectors find parts and components to ensure your production runs smoothly with minimal interruptions and delays.

We carry a vast inventory of parts and components including bearings, belts, chain, conveyor components, conveyor systems, gearing, lifting products, motors, drives, PT components, product separation, tools and accessories, valves and fittings, and more. We supply parts to the agricultural sector in the cotton, grain, corn, and peanut markets. We also serve municipalities, construction, factories and other businesses throughout the region.

Our inventory separates ourselves from competitors while our in-house engineering services and ability to provide efficient system design that establishes McKee as a world-class supply chain partner.

## SKF Pulse™ Machine monitoring made easy.

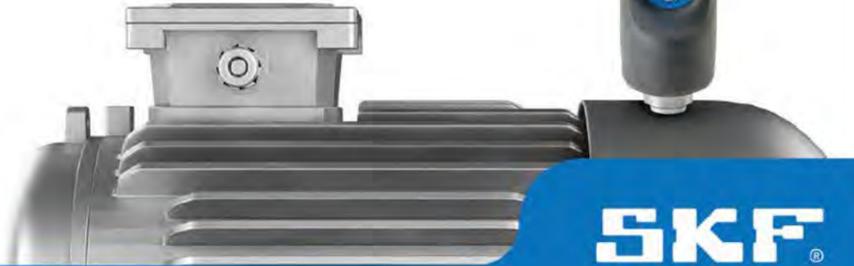

Predict machinery issues before operations are impacted. Simplified inspection, machine health data collection and analysis are now within everyone's reach.

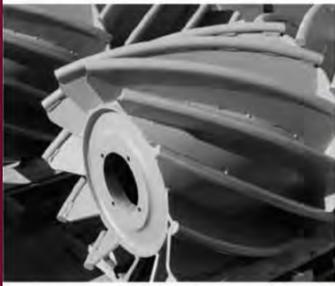

With SKF Pulse, anyone can monitor machine health without the need for training or diagnostic expertise.

Combining an easy-to-use sensor with a free mobile app, you can quickly and easily identify machine condition and share machine health data within your organization.

# Dodge® bearings and power transmission

Local manufacturing  
Global support

For 140 years, we've focused on providing industry-leading products that reduce your total cost of ownership. Every day we produce the mounted bearings, enclosed gearing and PT components you trust and prefer from Rogersville, Tennessee; Marion, Asheville and Shelby, North Carolina; and Belton and Greenville, South Carolina.

We are proud to continue to offer the same products and service you prefer with the global ABB technologies and innovation you deserve.
